Dear Mr. Shea,

We at the Children's Cancer Fund know you as a special friend who has partnered with us for the 23rd Annual "Beyond the Rainbow" Luncheon and Fashion Show. Please allow me to express our genuine appreciation to you for your pure generosity. Your gift has helped to advance childhood cancer research, purchase state-of-the-art equipment, discover new therapies that hold great promise for a cure, and provide crucial care for children with cancer. In our organization, every cent allows us to grow closer to finding a cure for pediatric cancer. Without people like you, we could not achieve what we have so far.

At the Children's Cancer Fund, we are very grateful for the gifts bestowed by kind people for the development of healthy children. We are proud of our two decades of commitment to finding a cure for childhood cancer. Please accept the gratitude of all our researchers, board members, staff, and most of all, our children. Together we all can make a difference!

Warmest regards,

Camille Mauritzen
